

EMPOWERING STUDENTS: ADDRESSING BULLYING AND CYBERSECURITY IN PRIMARY SCHOOL

The event was held on 11 May 2024 from 8am to 12pm at Sekolah Jenis Kebangsaan (C) New Kopisan

In collaboration with SJK (C) New Kopisan, Gopeng, Faculty of Business and Finance (FBF) has successfully organised an event aimed at promoting a bully-free environment among primary school's students. This event focused on two important areas which are bullying awareness and cybersecurity education.

The Newspaper Fashion Show's models on the stage.

The purpose of the project:

1. Empower primary school students to create a safe and inclusive school environment by fostering their understanding of bullying and equipping them with the skills and resources to address it effectively.
2. Equip primary school students with digital literacy for a safe and responsible online world.
3. Cultivate team spirit and promote a bully-free environment.

Dr. Choe Kum Lung delivering a talk on Cybersecurity to the students.

Dr. Tan Luen Peng delivering a talk on Anti-bullying to the students.

There were several activities conducted during this event:

1) Informative Talk on anti-bullying and Cybersecurity

Two team members (Dr. Tan Luen Peng and Dr. Choe Kum Lung) delivered informative talk on bullying awareness and cybersecurity to all students to provide valuable insights and empower students with the knowledge to make safe and responsible choices online.

2) Quiz

Following the talks, an interactive quiz was conducted to evaluate students understanding of the topics discussed. Ms. Ng Shwu Shing and Mr. Julian Teh Hong Leong took on the role of hosts for the quiz. A total of 17 questions were asked during the quiz, with prizes awarded to students who answered correctly.

3) Team Building Games

After the talks and quiz session, two team-building activities (led by Mr. Fong Chee Yang and Dr. Ng Yin Kuan) were conducted for students to participate in.

In the first game, called “The Human Caterpillar,” students prepared a loop of newspapers by connecting pieces with strong tape. They then got inside the loop and moved it toward the finish line using their feet and hands. The winning team was the first to get their “caterpillar” to the finish line.

The second game, “Newspaper Fashion Show,” tasked each team with creating unique outfits using only newspapers and provided materials. Roles like designer, stylist, and model were assigned. Teams presented their outfits on the stage, describing their inspirations of their outfit’s ideas. Awards were given based on creativity and teamwork.

4) Closing Ceremony

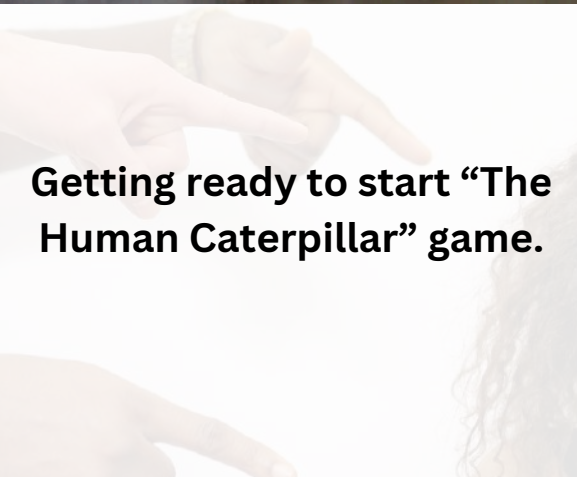

Awards were given to the winning teams to celebrate their teamwork and achievement.

Also, a token of appreciation was presented by Ms. Lai Ka Fei as the project coordinator to the school representative acknowledging their dedication and cooperation in making this event a reality.
